800 E. Diamond Blvd. Suite 3-625 Anchorage, AK 99515 - ph (907) 306-6525, fax (907) 929-3057

---

Dear parent/guardian,

Thank you for your request for neuropsychological assessment of your child. *Pediatric Neuropsychological Services of Alaska, PC* provides assessment and consultation for children with **known or suspected medical or neurological disorders**.

Neuropsychological services for these conditions are most often reimbursed by medical insurance. You may, however, wish to pay for the assessment yourself (Self-Pay option). In some instances, your child's school system may be responsible for payment.

We accept Denali Kid Care as well as most other insurances including Primera Blue Cross Blue Shield of Alaska insurance.

In order to schedule the assessment, we will need you to do the following:

1. Review your insurance. If services will not be reimbursed by medical insurance, please enclose the letter of intent to pay from your child's school team, or agreement to self-pay for these services.

2. Return the enclosed completed **Pediatric Questionnaire and Service Agreement**. Please return these forms as soon as possible so that we may put your child on a referral list. We prefer not to schedule your child until we have received these documents and have his/her insurance information.

We will contact you when we have received all of the above information. We will then schedule your child for our first available appointment.

We appreciate your interest in our clinic and hope that we will be able to meet your child's needs.

Sincerely,

Stephen Mailloux, Ph.D.  
Pediatric Neuropsychologist
